

Royland Gordon has been a member of the Kingston College Old Boys' Association USA, Inc. (KCOBA USA, Inc.) since 2017, and became a director in 2018. As a member of the Board of Directors, Royland's dedication and voluntarism to the organization and our alma mater Kingston College has been outstanding.

Royland's personal commitment to the organization and its mission is his most cherished and important contribution. His current charitable activities include maintaining The Royland Gordon Scholarship Fund, supporting the annual Fortis Care Back Pack Program, as well as providing other financial support to various programs and initiatives at the school. Royland intends to consistently increase his contribution and participation in these areas as well as to expand his capacity into other areas of the organization.

In addition to the above, Royland was the program coordinator and played a vital role in the planning, launching, and coordinating of the Fortis Covid-19 Relief Effort and the series of related virtual events. Royland's other contributions include functioning in the role of assistant treasurer and serving on the organization's finance committee, the committee responsible for maintaining, managing and reporting on the KCOBA USA, Inc.'s financial operations.

Royland, enthusiastically, is aiming to continue to be an asset to the association and with your support would like to serve as the next treasurer of KCOBA USA Inc. In this capacity Royland would continue his work to not only manage and report on the organization financial operations but continue to improve the accounting system capabilities and incorporate financial analysis into organization decision making and fundraising strategies.

Royland is a Certified Public Accountant (CPA) with over 10 years of professional experience in the field of accounting and finance. Royland received his BS in Accounting from the University of the West Indies, Mona and holds MS in Global Business and Finance from City University of New York - Brooklyn College. He is currently employed in an accounting role for a Connecticut based hedge fund.
